AGENDA

PLANNING COMMISSION AND TRAFFIC COMMISSION REGULAR MEETING

200 West 9th Street
IMPERIAL, CA 92251

WEDNESDAY, July 11, 2018
6:30PM

Members of the audience are invited to speak on any item on or off the agenda. If the item is an agenda item, you will be permitted the opportunity to address the Planning Commission when the matter is considered. If you wish to speak on a matter which is not on the agenda, you will be given the opportunity to do so at the Public Comment section. When wishing to address the Planning Commission, please rise and state your name and address for the record. The Chairman reserves the right to place a time limit on each person's presentation of five (5) minutes.

A. PLANNING COMMISSION CALL TO ORDER:

6:30 PM
ROLL CALL
PLEDGE OF ALLEGIANCE

B. PUBLIC APPEARANCES

C. TRAFFIC COMMISSION (DISCUSSION/ACTION):

- C-1. Discussion/Action: Reduce Speed Limit on HWY 86 to 45 MPH**
1. Staff Report
 2. Commission Discussion
 3. Planning Commission: Recommended Action (Approve/Conditionally Approve/Deny)

D. REPORTS:

- D-1. Commissioners Report**
D-2. Staff Report

ADJOURN PLANNING COMMISSION MEETING UNTIL NEXT REGULARLY SCHEDULED MEETING.

NOTE: Any documents produced by the City and distributed to a majority of the Planning Commission regarding any item on this agenda will be made available at the front counter at City Hall, located at 420 South Imperial Avenue, during normal business hours.

Staff Report

Agenda Item No. C-1

To: City of Imperial Traffic Commission

From: Lisa Tylanda, Planner

Date: September 7, 2017

Subject: Proposed Speed Limit Reduction HWY 86

Background

Highway 86 Corridor:

“The City of Imperial, especially the heart of downtown, is located along Highway 86, the main arterial roadway for the City and a primary path for regional travelers. The average daily traffic counts for Highway 86 were noted as high as 21,800 ADT in 2014 (Caltrans 2014 Traffic Counts). With an abundance of vacant land along the highway, there is much opportunity to capitalize on the potential sales tax revenue of businesses along this corridor. This highway is the main thoroughfare through the City as there are no other complete north-south roadways within the City (refer to the Circulation Element for further detail).”

-City of Imperial Land Use & Circulation Element May 2017

Recently, the City of Imperial has been given control of the stretch of HWY 86 that runs within the City limits of Imperial. It is the main artery running through the City and is heavily used. During the June 20, 2018 City Council meeting, council directed staff to begin the process to reduce the speed from 65 MPH to 45 MPH due to safety concerns. Since council gave direction, staff has begun reviewing traffic incidence reports generated by the Imperial Police Department. The traffic incidence reports generated (attached) reflects only calls within the stretch of HWY 86 that is within city limits. The report depicts calls that have occurred within the last five (5) years; 2801 traffic incidences.

Lowering the speed for that stretch of HWY 86 not only would meet the vision of safety on council's behalf, but could potentially meet and influence some of the goals within our Land Use and Circulation Element:

- **Circulation Element Goal #1 Circulation & Land Use :** Plan land uses in conjunction with the circulation system to encourage future growth in areas of higher density on transportation nodes, which will better allocate City resources and limit vehicle miles traveled.
- **Circulation Element Goal #2 Safe & Complete Streets :** Develop a multi-modal network and balanced transportation system that safely accommodates all modes of travel.
- **Circulation Element Goal #3 Circulation Efficiency:** Provide for the safe and efficient movement of goods throughout the City.
- **Circulation Element Goal #4 System Sustainability:** Attain a sustainable transportation system that can be built, operated, and maintained, within the City's existing and future resources.
- **Circulation Element Goal #5 Accessible Transit:** Develop a widely accessible transit system available to all segments of the community.
- **Circulation Element Goal #8 Bicycle Trail Network:** Create and build upon a pedestrian, bicycle and multi-use trail network that facilitates commuting, traveling to work or school, and recreation.

Staff Recommendation:

Staff recommends this item to the Planning Commission for discussion and action.
